

Lebanese Programmers

*Proudly Present to you...*

*A-Web™ Technology  
Package*

# What is A-Web™:

- In collaboration between IATI™ and "Lebanese Programmers™" Companies we are launching the "A-Web™" system.
- A-Web™ is your "channel" online for making on line sells from your website you already have.

# What is A-Web™:

- You can still make almost no big changes on your website, but you still can develop a new business online.
- It would not cost a fortune, but it will make you have business on Internet for WorldWide.

# What is A-Web™:

- A-Web is a portal for your company to the internet, it will increase your sales by creating a new channel for selling travel tickets online.
- It will allow you to have a share of online air-ticketing market which is now more than 31 billion US \$.

# Abilities:

- A-Web <sup>TM</sup> will allow your clients (individuals and companies) access to your ticketing services at any time and place while offering online payment options.
- The A-Web <sup>TM</sup> is providing you the ability to get a full automated statement after any sales you may do online with no efforts.

# Abilities :

- A-Web <sup>TM</sup> giving you the all time open selling center, now you can sell your tickets even if at midnight or at 3:00 am.
- A-Web <sup>TM</sup> is for far-from-city and international clients too, all of them can now reserve their tickets from your A-Web <sup>TM</sup> from their home and from their mobile.

# Abilities :

- A-Web™ won't ask you to have a computer, you can reserve dynamically on your phone, easily and smoothly.
- With A-Web™: if you don't have cash and you wish to pay by your credit card, this is your fast, reliable and strong option.

# Abilities :

- With A-Web <sup>TM</sup>:no thing controls your business:  
not the place, neither the timing
- Let your reservations go beyond borders.

# A-Web™ Package:

- A-Web™ will be done for you within just 10 days from the day you sign the contract.
- With A-Web™:you will get a control panel for you're A-Web Widget you get, and the ability to change the color and the shape too.
- A-Web™ including cooperation with IATI™ accounts, then you can redistribute IATI™ accounts under your account and rise your selling rate on internet.
